

CUMULATIVE INDEX FOR

J R ARMY MED CORPS 2007; Vol 153

A – B

- Abbotts R, Harrison SE, Cooper GJ* – Primary blast injuries to the eye: a review of the evidence119
- An unusual cause of a hangman's fracture – *Hall MJ, Temple AJ*193
- A realistic model for catastrophic haemorrhage training – *Moorhouse I, Thurgood A, Walker A, Cooper B, Mahoney PF, Hodgetts TJ*99
- Are soldiers at increased risk of the third molar symptoms when on operation tour in Iraq? A prospective Cohort Study – *Breeze J, Gibbon AR*102
- A review of one years British armed forces mental health hospital admissions – *Finnegan A, Finnegan S, Gamble D*..26
- Armoured Fighting Vehicles Casualties – *Owen-Smith M*..210
Commentary – *Garner J*.....210
- Artificial blood substitutes – *Tappenden J*.....3
- Atun A* - Feigned and factitious diseases in the British forces C. 1830-1840: a forgotten medical classic?91
- Benchmarking the UK military deployed trauma system – *Hodgetts TJ, Russell R, Davies S, McLeod J*.....237
- Blair JSG* – Famous Figures - John Snow136
- Paul Erlich218
- Sir James Lind69
- Bland SA* – Self Assessment Questions In Emergency Planning126
- Breeze J, Gibbons AR* – Are soldiers at increased risk of the third molar symptoms when on operation tour in Iraq? A Prospective Cohort Study102
- Bricknell MCM, Gadd RDM* – Roles for international military medical services in stability operations (reconstruction and development)160
- Bricknell MCM, Hanhart N* – Stability operations and the implications for military health services support18
- Bricknell MCM, Moore GW* – Health Risk Management Matrix: a planning tool87
- Bricknell MCM, Thompson DF* – Roles for international military medical services in stability operations (Security sector reform)95
- Brodie S, Hodgetts TJ, Ollerton J, McLeod J, Lambert P, Mahoney PF* – Tourniquet use in combat trauma: UK military experience310
- Brown KV, Khan AZ, Paterson IM* – Lisinopril pancreatitis 191

C – D

- Casualty evacuation time lines: evidence-based review – *Parker PJ*274
- Cerebral Spaganosis presenting as grand Mal epilepsy – *Walker P, Cooper NK, Brandis A*189
- Chalioulias K, Sim KT, Scott R* – Retinal sequelae of primary ocular blast injuries124
- Clack J* – What's new in . . . psychiatry63
- Clasper JC* – Lower limb amputations – a consensus175
- Clinical experience with recombinant activated factor VII in a series of 45 trauma patients – *Felfernig M*32
- Combat “Category A” calls: evaluating the pre-hospital timelines in a military trauma system – *McLeod J, Hodgetts TJ, Mahoney P*266
- Combes J, Gibson A* – What's New in . . . Maxillo-facial surgery205
- Cooper BR, Mahoney PF, Hodgetts TJ, Mellor A* – Intraosseous access (EZ-IO®) for resuscitation: UK Military combat experience314
- Cooper BR, Mellor A, Bruce A, Hall A, Mahoney PF* – Paediatric thoracic damage control resuscitation for ballistic injury: A case report317
- Cooper NK, Bricknell, MCM, Holden GR, McWilliam C* – Pertussis a BFG case finding study amongst returnees from OP HERRICK114
- Damage control resuscitation – *Hodgetts TJ, Mahoney PF, Kirkman E*299
- Determining the composition and belief of the pre-hospital medical response team in the conflict setting – *Rickards AC, Davies PR, Ollerton JE*.....269
- Dharm-Datta S, Nicol E* – Military sports and rehabilitation medicine105
- Dharm-Datta S, Hill G* – Improvised equipment for skeletal traction on operations144
- Do military uniform and rank impact on the therapeutic relationship between military mental health clients and clinicians – *Wilson MM, McAllister PD, Hacker Hughes JGH, Fear NT*170
- Doran C* – Hydroxyethyl starch for the resuscitation of trauma patients154

E – G

- Eardley W* – Self Assessment Questions in Orthopaedics and Trauma195

Edward Almroth Wright – *Walker N*16

EDITORIALS

Forward Surgery – *Clasper JC, Midwinter MJ*149
The Truth about MTAS – *Bevan NS*152

FAMOUS FIGURES

John Snow – *Blair JSG*136
Paul Erlich – *Blair JSG*218
Sir James Lind – *Blair JSG*69

Feigned and factitious diseases in the British forces c. – 1830-1840: A forgotten medical classic? – *Atun A*91

Felfernig M – Clinical experience with recombinant activated factor VII in a series of 45 trauma patients32

Finnegan A, Finnegan S, Gamble D – A review of one years British armed forces Mental health hospital admissions26

Garner J – Commentary on – Armoured Fighting Vehicles Casualties210

Goonewardene SS, Mangat KS, Sargeant ID, Porter K, Greaves I – Tetraplegia following cervical spine cord contusion from indirect gunshot injury effects52

H – L

Hall MJ, Temple AJ – An unusual cause of a hangman's fracture193

Harrison SE, Kirkman E, Mahoney P – Lessons learnt from explosive attacks278

Hartmann's Solution in Haemorrhagic Shock – Now and the Future – *Khan MA, Garner JP*81

Health Risk Management Matrix: a planning tool – *Bricknell MCM, Moore GW*87

Henning JD, Mellor A, Hoffman A, Mahoney PF – Military intensive care Part 3: Future Directions.....288

Henning JD, Roberts MJ, Sharma D, Hoffman A, Mahoney PF – Military intensive care part 1: A historic review283

Hodgetts TJ, Davies S, Midwinter M, Russell R, Smith J, Clasper J, Tai N, Lewis E, Ollerton J, Massetti P, Moorhouse I, Hunt N, Hepper A – Operational mortality of UK service personnel in Iraq and Afghanistan: a one-year Analysis 2006-7252

Hodgetts TJ, Kirkman E, Mahoney PE, Russell R, Thomas R, Midwinter M – UK Defence Medical services guidance for the use of recombinant factor VIIa (rFVIIa) in the deployed Military setting307

Hodgetts TJ, Mahoney PF, Kirkman E – Damage control resuscitation299

Hodgetts TJ, Mahoney PF – Military tourniquets A response10

Hodgetts TJ, Russell R, Davies S, McLeod J – Benchmarking the UK Military deployed trauma system.....237

Hodgetts TJ, Russell R, Ollerton J – Operational Morbidity analysis of soft tissue injuries during OP TELIC.....263

Hoffman A, Henning JD, Mellor A, Mahoney PF – Military intensive Care part 2: Current practice286

Hunt PF – Self Assessment Questions In Emergency Medicine55

Hydroxyethyl starch for the resuscitation of trauma patients – *C Doran*154

Improvised equipment for skeletal traction on operations – *Dharm-Datta S, Hill G*.....144

Intra-osseous access (EZ-IO®) for resuscitation: UK Military combat experience – *BR Cooper, PF Mahoney, TJ Hodgetts, A Mellor*.....314

Is Methoxyflurane a suitable battlefield analgesic? – *McLennan JV*111

Khan MA, Garner JP – Hartmann's Solution in Haemorrhagic Shock – Now and the Future81

Kirkman E, Watts S, Hodgetts TJ, Mahoney P, Rawlinson S, Midwinter M – A Proactive approach to the coagulopathy of trauma: the rationale and guidelines for treatment302

Lessons learnt from explosive attacks – *Harrison SE, Kirkman E, Mahoney P*.....278

Letters to the Editor:

Airtraq rescues failed fibreoptic intubation – *Ward M, Davis I*220

Evaluation of the use of patient information sheets for immunisation in British forces Health service – *Holden GR, Cooper NK, and McWilliams C*74

Hartman's solutions in haemorrhagic shock – now and the future – *Tong JL, Gait AJ*220

Authors reply – *Khan MA, Garner JP*.....220

Military Tourniquets – *Bruce ASW*.....220

Non Freezing cold injury – *Williamson K*143

Lisinopril pancreatitis – *Brown KV, Khan AZ, Paterson IM*91

Lower limb amputations – a consensus – *Clasper JC*175

M – Q

Magnezi R, Dankner R, Kedem R, Reuveni H – Various contract settings and their impact on the costs of medical services22

McLeod J, Hodgetts TJ, Mahoney P – Combat “Category A” calls: evaluating the pre-hospital timelines in a military trauma system266

McLennan JV – Is Methoxyflurane a suitable battlefield analgesic?111

Military intensive care part 1: a historic review – *Henning JD, Roberts MJ, Sharma D, Hoffman A, Mahoney PF*.....283

Military intensive care part 2: Current practice – <i>Hoffman A, Henning JD, Mellor A, Mahoney PF</i>	286
Military intensive care part 3: Future Directions – <i>Henning JD, Mellor A, Hoffman A, Mahoney PF</i>	288
Military sports and rehabilitation medicine – <i>Dharm-Datta S, Nicol E</i>	105
Military Tourniquets A Response – <i>Hodgetts TJ, Mahoney PF</i>	12
Military Tourniquets – <i>Parker PJ, Clasper J</i>	10
<i>Moorhouse I, Thurgood A, Walker N, Cooper B, Mahoney PF, Hodgetts J</i> – A realistic model for catastrophic haemorrhage training	99
<i>Morrison JJ, Mahoney PF, Hodgetts TJ</i> – Shaped charges and explosively formed penetrators: background for clinicians	184
New and emerging concepts in travel medicine – <i>Lamb L, Nichols E</i>	40
Operational Morbidity analysis of soft tissue injuries during OP TELIC – <i>Ollerton J, Hodgetts TJ, Russell R</i>	263
Operational Mortality of UK service personnel in Iraq and Afghanistan: a one-year analysis 2006-7 – <i>Hodgetts TJ, Davies S, Midwinter M, Russell R, Smith J, Clasper J, Tai N, Lewis E, Ollerton J, Massetti P, Moorhouse I, Hunt N, Hepper A</i> ..	252
<i>O'Meara M, Wood P, Thurgood A, Porter K</i> – The effectiveness of a military pre-hospital fluid infusion strategy	168
<i>O'Reilly DJ, Kilbey J</i> – The first use of computed Tomography by British Forces on Land: in the first 100 scans	165
<i>Owens JP</i> - MTAS Evaluation for DMS doctors	175
<i>Owen-Smith M</i> – Armoured Fighting Vehicles Casualties ..	210
Paediatric thoracic damage control resuscitation for ballistic injury: A case report – <i>Cooper BR, Mellor A, Bruce A, Hall A, Mahoney PF</i>	317
<i>Parker PJ</i> – Casualty evacuation time lines: evidence-based review	274
<i>Parker PJ, Clasper J</i> – Military Tourniquets	10
Pertussis a BFG case finding study amongst returnees from OP HERRICK – <i>Cooper NK, Bricknell MCM, Holden GR, McWilliams C</i>	144
<i>Porter K</i> - Trauma Governance in the UK defence medical services – A Commentary	243
Primary blast injuries to the eye: a review of the evidence – <i>Abbotts R, Harrison SE, Cooper GJ</i>	119
Proactive approach to the coagulopathy of trauma: the rationale and guidelines for treatment – <i>Kirkman E, Watts S, Hodgetts TJ, Mahoney P, Rawlinson S, Midwinter M</i>	302

R – S

Readers Choice:

A doctors of sorts – <i>Downie VJ</i>	138
Blenheim: Battle for Europe – <i>Spencer C</i>	70
Complications – <i>Gawande A</i>	223
Reflections on Medical Aspects of ISAF IX in Afghanistan – <i>Bricknell MCM</i>	40
Retinal sequelae of primary ocular blast injuries – <i>Chalioulias K, Sim KT, Scott R</i>	124
<i>Rickards AC, Davies PR, Ollerton JE</i> – Determining the composition and belief of the pre-hospital medical response team in the conflict setting	269
Roles for international military medical services in stability operations (reconstruction and development) – <i>Bricknell MCM, Gadd RDM</i>	160
Roles for international military medical services in stability operations (Security sector reform) – <i>Bricknell, MCM, Thompson DF</i>	95
<i>Russell R, Hodgetts TJ, Ollerton J, Massetti P, Bray I, Harrison K</i> – The Operational emergency Department Attendance Register (OpEDAR): a new epidemiological tool –	244

Self Assessment Questions:

Emergency Medicine – <i>Hunt PF</i>	55
Emergency Planning – <i>Bland SA</i>	126
Orthopaedics and Trauma – <i>Eardley W</i>	195
Shaped charges and explosively formed penetrators: background for clinicians – <i>Morrison JJ, Mahoney PF, Hodgetts TJ</i>	184
<i>Smith J, Hodgetts TJ, Mahoney P, Russell R, Davies S, McLeod J</i> – Trauma Governance in the UK defence medical services	239

Stability operations and the implications for military health services support – <i>Bricknell MCM, Hanhart N</i>	18
--	----

T – W

<i>Tappenden J</i> – Artificial blood substitutes	3
Tetraplegia following cervical spine cord contusion from indirect gunshot injury effects – <i>Goonewardene SS, Mangat KS, Sargeant ID, Porter K, Greaves I</i>	52
The effectiveness of a military pre-hospital fluid infusion strategy – <i>O'Meara M, P Wood, A Thurgood, K Porter</i> ..	168
The management of difficult direct laryngoscopy and intubation in a field hospital: an alternative to fibre-optic intubation – <i>Tong LJ</i>	181
The Operational Emergency Department Attendance Register (OpEDAR): a new epidemiological tool – <i>Russell R, Hodgetts TJ, Ollerton, J Massetti P, Bray I, Harrison K</i>	244
Tourniquet use in combat trauma: UK military experience – <i>Brodie S, Hodgetts TJ, Ollerton J, McLeod J, Lambert P, Mahoney PF</i>	310

<i>Tong LJ</i> – The management of difficult direct laryngoscopy and intubation in a field hospital: an alternative to fibre-optic intubation	181	Various contract settings and their impact on the costs of medical services – <i>Magnezi R, Dankner R, Kedem R, Reuveni H</i>	22
Trauma Governance in the UK defence medical services – A Commentary – <i>Porter K</i>	243	<i>Walker N</i> – Edward Almroth Wright	16
Trauma Governance in the UK defence medical services – <i>Smith J, Hodgetts TJ, Mahoney P, Russels R, Davies S, McLeod J</i> ..	239	<i>Walker P, Cooper NK, Brandis A</i> – Cerebral Spaganosis presenting as grand Mal epilepsy.....	189
UK Defence medical services guidance for the use of recombinant factor VIIa (rFVIIa) in the deployed military setting – <i>Hodgetts TJ, Kirkman E, Mahoney PE, Russell R, Thomas R, Midwinter M</i>	307	<i>Wilson MM, McAllister PD, Hacker Hughes JGH, Fear NT</i> – Do military uniform and rank impact on the therapeutic relationship between military mental health clients and clinicians	170
The first use of computed Tomography by British Forces on land: the first 100 scans – <i>O’Reilly DJ, Kilbey J</i>	165	What’s New In . . . :	
		Psychiatry – <i>Clack J</i>	63
		Maxillo-facial surgery – <i>Combes J, Gibson A</i>	205
