

CUMULATIVE INDEX FOR

J R Army Med Corps 2009; Vol 155

A – B

- A commentary from civilian pre-hospital care on Military pre-hospital care: why is it different? – *Porter K*04
- A complication of the use of intra-osseous needles – *Fenton P, Bali N, Sargeant I, Jeffery SLA*.....110
- A military commentary on Military pre-hospital care: why is it different? – *Greaves I*04
- Abdominal injury due to a hand held flare: an ongoing insult - *Neequaye S, Gill J, Hance J, Sivagnanam P, Rutter P*32
- Adams SA* - Pelvic trauma in the Military environment293
- Are IVC filters required in combat support hospitals? – *Parent P, Trotter VJE, Bennett DR, Charlebois PB, Schieff TD*210
- Baer DG, Dubick MA, Wenke JC, Brown KV, McGhee LL, Convertino VA, Cancio LC, Wolf SE, Blackburne LH,*
 Combat Casualty Care Research at the US Army Institute of Surgical Research327
- Bailey M* - Self Assessment Questions in Tropical Medicine.....34
- Birch K* - Who benefits from Intensive Care in the field?122
- Blanch RJ, Scott RAH* – Military Ocular Injury: Presentation, Assessment and Management279
- Bland SA* - Chemical, biological and radiation casualties: critical care considerations160
- Blast Mines: a Background for clinicians on physics, injury mechanisms and vehicle protection – *Ramasamy A, Hill AM, Hepper AE, Bull AMJ, Clasper JC*258
- Boyd MC, Mountain AJC, Clasper JC* - Improvised skeletal traction in the management of ballistic femoral fractures.....194
- Bravery on the Mountain – John Joseph Farmer – *Starling PH*.....223
- Breeze J, Bryant D* - Current concepts in the epidemiology and management of battlefield head, face and neck trauma274
- Breeze J, Opie N, Monaghan A, Gibbons AJ* - Isolated orbital wall blowout fractures due to primary blast injury70
- British Military use of morphine: A historical review – *Gaunt C, Gill J, Aldington D*46
- Brohi K* – Trauma induced coagulopathy320
- Bulstrode C* - MEDCAPS – do they work?182
- Burgess JE, Macfarlane F* - Retrospective analysis of the ethnic origins of male British Army soldiers with peripheral cold weather injury11

C – D

- Cameron EA* - Field training – River crossing by Lt Col A Low RAMC71
- Chemical, biological and radiation casualties: critical care considerations – *Bland SA*.....160
- Civilian trauma care and the Defence Medical Services – a prospectus for partnership? - *N Tai*246
- Clasper JC, Brown KV, Hill PF* - Limb complications following pre-hospital tourniquet use200
- Clasper JC, Standley D, Heppell PSJ, Jeffrey S, Parker PJ* - Limb Compartment Syndrome and Fasciotomy298
- Combat Casualty Care Research at the US Army Institute of Surgical Research – *Baer DG, Dubick MA, Wenke JC, Brown KV, McGhee LL, Convertino VA, Cancio LC, Wolf SE, Blackburne LH*327

- Connor DJ, Ralph JK, Aldington DJ* - Field hospital analgesia....49
- Connor P* – Military diarrhoea.....233
- Contemporary approaches to definitive extremity reconstruction of Military wounds – *Taylor CJ, Hettiaratchy S, Jeffery SL, Evriviades D, Kay AR*302
- Continuous peripheral nerve blockade on OP HERRICK 9 – *Hughes S, Birt D*.....57
- Crawford MJ, Sharpe D, Rutter D, Weaver T* - Prevention of suicidal behaviour among Army personnel: A qualitative study203
- Critical Care Air Support Teams and Deployed Intensive Care – *Turner S, Ruth M, Tipping R*171
- Critical care of Military burn casualties at Role 3 Facilities – *Parkhouse DAF*.....151
- Current concepts in the epidemiology and management of battlefield head, face and neck trauma – *Breeze J, Bryant D*....274
- Damage control surgery in the era of damage control resuscitation – *Midwinter M*323
- Dr James Crawford Kennedy and the sexual transmission of Brucellosis - *H V Wyatt*.....239

E – F

- Eardley WGP, Taylor DM, Parker PJ* - Training tomorrow's Military surgeons: Lessons from the past and challenges for the future249
- Early treatment with nebulised salbutamol worsens physiological measures and does not improve survival following phosgene-induced acute lung injury – *Grainge C, Brown R, Jugg BJ, Smith AJ, Mann TM, Jenner J, Rice P, Parkhouse DA*.....105
- Edwards D, Bowden M, Aldington D* - Pain management at Role 458
- Emergency Thoracotomy – the indications, contraindications and evidence – *Morgan BS, Garner JP*87
- Fenton P, Bali N, Sargeant I, Jeffery SLA* - A complication of the use of intra-osseous needles110
- Field hospital analgesia – *Connor DJ, Ralph JK, Aldington DJ* ..49
- Field training – River crossing by Lt Col A Low RAMC – *Cameron EA*71
- Fluid resuscitation: a Defence Medical Services Delphi study into current practice – *Wright C, Mahoney PF, Hodgetts TJ, Russell R*99
- Flutter C, Ruth M, Aldington D* - Pain Management during Royal Air Force Strategic Aeromedical Evacuations61
- Foreword to Focus on Pain Management – *McQuay H*.....42

G – H

- Gaunt C, Gill J, Aldington D* - British Military use of morphine: A historical review46
- Grainge C, Brown R, Jugg BJ, Smith AJ, Mann TM, Jenner J, Rice P, Parkhouse DA* - Early treatment with nebulised salbutamol worsens physiological measures and does not improve survival following phosgene-induced acute lung injury105
- Greaves I* - A military commentary on Military pre-hospital care: why is it different?04
- Greenwood N, DeMello W* - The Burns Fluid Grid27

<i>Harris CC, McNicholas JJK</i> - Paediatric Intensive Care in the Field Hospital	157	Military Junctional Trauma – <i>Tai NRM, Dickson E</i>	285
<i>Harris WJ</i> - Patellofemoral pain group (PPG) – a review of the first 100 patients to complete the course at the regional rehabilitation unit Gutersloh	16	Military Ocular Injury: Presentation, assessment and management – <i>Blanch RJ, Scott RAH</i>	279
<i>Henning J, Hunt PAF</i> - Self Assessment Questions in Intensive Care medicine	112	Military pre-hospital care: why is it different? – <i>Hodgetts, TJ, Mahoney PF</i>	04
<i>Henning J</i> - The ethical dilemma of providing Intensive Care treatment to local civilians on deployment	84	<i>Milner SM</i> - Management of burns in a modern conflict – Mitchiner Memorial Lecture 2007	226
<i>Hodgetts TJ, Mahoney PF</i> - Military pre-hospital care: why is it different?	04	<i>Morgan BS, Garner JP</i> - Emergency Thoracotomy – the indications, contraindications and evidence	87
<i>Hughes S, Birt D</i> - Continuous Peripheral Nerve Blockade on Op HERRICK 9	57	<i>Morgan J, Garner JP</i> - Self Assessment Questions in General Surgery	213
<i>Hutley EJ, Green AD</i> - Infection in wounds of conflict – old lessons and new challenges	315	<i>Naeem I, Masood J, Buchholz N</i> - Percutaneous nephrolithotomy for removal of a calcified intra-renal artillery shell fragment	30
I – J		<i>Neequaye S, Gill J, Hance J, Sivagnanam P, Rutter P</i> - Abdominal injury due to a hand held flare: an ongoing insult	32
Improvised Explosive Devices: Pathophysiology, Injury Profiles and Current Medical Management – <i>Ramasamy A, Hill AM, Clasper JC</i>	265	Neurointensive care – <i>Ralph JK, Lowes T</i>	147
Improvised skeletal traction in the management of ballistic femoral fractures – <i>Boyd MC, Mountain AJC, Clasper JC</i>	194	Novel Haemostatic Dressings – <i>Lawton GS, Granville-Chapman J, Parker PJ</i>	309
Infection in wounds of conflict – old lessons and new challenges – <i>Hutley EJ, Green AD</i>	315	<i>Nutbeam T, O'Meara M, Henning J</i> - Scoring systems and their possible use in a Military ICU setting	124
Isolated orbital wall blowout fractures due to primary blast injury – <i>Breeze J, Opie N, Managhan A, Gibbons AJ</i>	70	O – P	
<i>Jagdish S, Aldington D</i> – The use of Opioids during rehabilitation after combat related trauma	64	<i>O'Connor J, Ditillo M, Scalea T</i> - Penetrating cardiac injury....	185
<i>Jagdish S, Davies M, Aldington D</i> - Military chronic pain management	67	Operational and critical care, intensive care and trauma – <i>Shirley P</i>	133
<i>Johnston AMcD</i> - Sepsis and Intensive Care	129	Optimal Clinical Timelines – A Surgical Consensus – <i>Tai N, Brooks A, Midwinter M, Clasper JC, Parker PJ</i>	253
K – L		Paediatric Intensive Care in the Field Hospital – <i>Harris CC, McNicholas JJK</i>	157
<i>Lawton GS, Granville-Chapman J, Parker PJ</i> - Novel Haemostatic Dressings	309	Pain management at Role 4 – <i>Edwards D, Bowden M, Aldington D</i>	58
<i>Lillywhite LP</i> - Past Present and Future of the DMS	244	Pain management during Royal Air Force Strategic Aeromedical Evacuations – <i>Flutter C, Ruth M, Aldington D</i>	61
Limb Compartment Syndrome and Fasciotomy – <i>Clasper JC, Standley D, Heppell PSJ, Jeffrey S, Parker PJ</i>	298	Pain Scores – As easy as counting to three – <i>Lookers J, Aldington D</i>	42
Limb complications following pre-hospital tourniquet use – <i>Clasper JC, Brown KV, Hill PF</i>	200	<i>Parent P, Trottier VJE, Bennett DR, Charlebois PB, Schieff TD</i> - Are IVC filters required in combat support hospitals?.....	210
<i>Lookers J, Aldington D</i> - Pain Scores – As easy as counting to three	42	<i>Parkhouse DAF</i> - Critical care of Military burn casualties at Role 3 Facilities	151
M – N		Past Present and Future of the DMS – <i>LP Lillywhite</i>	244
Management of burns in a modern conflict – Mitchiner Memorial Lecture 2007 – <i>Milner SM</i>	226	Patellofemoral pain group (PPG) – a review of the first 100 patients to complete the course at the regional rehabilitation unit Gutersloh – <i>Harris WJ</i>	16
<i>Marom T, Itskoviz D, Kutikov S, Naftal JMD, Ostfeld I</i> - Traumatic quadriceps muscle tears among Israeli Special Forces soldiers....	24	Pelvic trauma in the Military environment – <i>Adams SA</i>	293
<i>Martin NAJ, Macleod BMG, Pandya AN, Smith J, Rickard RF</i> - Pyrotechnic signal flare ('Miniflare') injuries	197	Penetrating cardiac injury – <i>O'Connor J, Ditillo M, Scalea T</i> ..	185
<i>McQuay H</i> – Foreword to Focus on Pain Management	42	<i>Penn-Barwell JG, Finnikan S, Sargeant I, Porter K</i> - PVL <i>Stahylococcus Aureus</i> osteomyelitis complicating septic arthritis in a UK soldier serving in Iraq.....	208
MEDCAPS – do they work? – <i>Bulstrode C</i>	182	Percutaneous nephrolithotomy for removal of a calcified intra-renal artillery shell fragment - <i>Naeem I, Masood J, Buchholz N</i>	30
Medical conditions requiring intensive care – <i>Porter D, Johnston AMcD, Henning J</i>	141	<i>Porter D, Johnston A McD, Henning J</i> - Medical conditions requiring intensive care	141
<i>Mercer SJ, Chavan S, Tong JL, Connor DJ, de Mello WF</i> - The early detection and management of neuropathic pain following combat injury	94	<i>Porter K</i> - A commentary from civilian pre-hospital care on Military pre-hospital care: why is it different?	04
<i>Midwinter M</i> - Damage control surgery in the era of damage control resuscitation.....	323	Preliminary results of the Surgilig™ synthetic ligament in the management of chronic acromioclavicular joint disruption – <i>Wood TA, Rosell PAE, Clasper JC</i>	191
Military chronic pain management – <i>Jagdish S, Davies M, Aldington D</i>	67	Prevention of suicidal behaviour among Army personnel: A qualitative study – <i>Crawford MJ, Sharpe D, Rutter D, Weaver T</i> 203	
Military diarrhoea – <i>P Connor</i>	233		

PVL Staphylococcus Aureus osteomyelitis complicating septic arthritis in a UK soldier serving in Iraq – <i>Penn-Barwell JG, Finnikan S, Sargeant I, Porter K</i>	208
Pyrotechnic signal flare ('Miniflare') injuries – <i>Martin NAJ, Macleod BMG, Pandya AN, Smith JE, Rickard RF</i>	197
Q – R	
<i>Ralph JK, Lowes T</i> - Neurointensive care.....	147
<i>Ramasamy A, Hill AM, Clasper JC</i> – Improvised Explosive Devices: Pathophysiology, injury profiles and current medical management	265
<i>Ramasamy A, Hill AM, Hepper AE, Bull AMJ, Clasper JC</i> - Blast Mines: a background for clinicians on physics, injury mechanisms and vehicle protection.....	258
Retrospective analysis of the ethnic origins of male British Army soldiers with peripheral cold weather injury - <i>Burgess JE, Macfarlane F</i>	11
S – T	
Scoring Systems and their possible use in a Military ICU setting – <i>Nutbeam T, O'Meara M, Henning J</i>	124
Self Assessment Questions in General Surgery – <i>Morgan J, Garner JP</i>	213
Self Assessment Questions in Intensive Care Medicine – <i>Henning J, Hunt PAF</i>	112
Self Assessment Questions in Tropical Medicine - <i>Bailey M</i>	34
Sepsis and Intensive Care – <i>Johnston AMcD</i>	129
<i>Shirley P</i> - Operational and critical care, intensive care and trauma 133	
<i>Smith JE, Russell R, Mahoney PF, Hodgetts TJ</i> - What is the ideal pre-hospital analgesic? – a questionnaire study	44
<i>Stansfield T, Rushforth G</i> - UK Armed Forces unintentional firearm injuries	20
<i>Starling PH</i> - Bravery on the Mountain – John Joseph Farmer	223
<i>Starling PH</i> – The War in Burma – two more VCs	118
<i>Starling PH</i> - War in Burma – Ferdinand Simeon LeQuesne.....	39
<i>Tai N</i> - Civilian trauma care and the Defence Medical Services – a prospectus for partnership	246
<i>Tai N, Brooks A, Midwinter M, Clasper JC, Parker PJ</i> - Optimal Clinical Timelines – A Surgical Consensus	253
<i>Tai NRM, Dickson E</i> - Military Junctional Trauma	285
<i>Taylor CJ, Hettiaratchy S, Jeffery SL, Evriviades D, Kay AR</i> - Contemporary approaches to definitive extremity reconstruction of Military wounds	302
The Burns Fluid Grid – <i>Greenwood N, DeMello W</i>	27
The early detection and management of neuropathic pain following combat injury – <i>Mercer SJ, Chavan S, Tong JL, Connor DJ, de Mello WF</i>	94
The ethical dilemma of providing Intensive Care treatment to local civilians on deployment – <i>Henning J</i>	84
The Use of Opioids during rehabilitation after combat related trauma – <i>Jagdish S, Aldington D</i>	64
The War in Burma – two more VCs – <i>PH Starling</i>	118
Training tomorrow's Military surgeons: Lessons from the past and challenges for the future – <i>Eardley WGP, Taylor DM, Parker PJ</i>	249
Trauma Induced Coagulopathy – <i>Brohi K</i>	320
Traumatic quadriceps muscle tears among Israeli Special Forces soldiers – <i>Marom T, Itskoviz D, Kutikov S, Nafial JMD, Ostfeld I</i>	24
<i>Turner S, Ruth M, Tipping R</i> - Critical Care Air Support Teams and deployed Intensive Care.....	171
U – V	
UK Armed Forces unintentional firearm injuries – <i>Stansfield T, Rushforth G</i>	20
W – X	
War in Burma – Ferdinand Simeon LeQuesne – <i>Starling PH</i> ..	39
What is the Ideal pre-hospital analgesic? – a questionnaire study – <i>Smith JE, Russell R, Mahoney PF, Hodgetts TJ</i>	44
Who benefits from Intensive Care in the field? – <i>Birch K</i>	122
<i>Wood TA, Rosell PAE, Clasper JC</i> – Preliminary results of the Surgilig™ synthetic ligament in the management of chronic acromioclavicular joint disruption.....	191
<i>Wright C, Mahoney PF, Hodgetts TJ, Russell R, Fluid</i> resuscitation: a Defence Medical Services Delphi study into current practice	99
<i>Wyatt H V</i> - Dr James Crawford Kennedy and the sexual transmission of Brucellosis.....	239
