

INDEX TO VOLUME XXXIX.

C.N. = Clinical and other Notes.
C.L. = Current Literature.

	PAGE		PAGE
Acari, endoparasitic, as a cause of urinary diseases, by Lieutenant-Colonel J. Mackenzie	339	Catarrhal phase, by Major H. Gall	109, 188
Alastrim in Jamaica, notes on, by Major W. F. M. Loughnan	378	Cerebral tumour, by Major J. T. D. Douglas	C.N. 467
Aneurysm, of the basilar artery, a case of, by Captain E. W. Wade	C.N. 216	Chlorinated water, action of, on galvanized-iron tanks, by Major N. V. Lothian and Captain A. R. Ward	163
Anthrax	C.L. 315	Chlorination of milk, by Captain R. A. Mansell	C.N. 372
Appendix vermiform, clinical aspect of disease, by Lieutenant-Colonel H. M. Perry	419	Citrus industry in South Africa, by Major-General H. Carr, letter from	319
Aumonier, F. S., and Major S. Elliott, note on stabilized bleaching powder for tropical use	C.N. 459	Congress, the International, of Military Medicine and Pharmacy, by Major A. D. Stirling, letter from	473
<i>Bacillus suispestifer</i> , infection of man by an organism allied to (hog cholera), by Lieutenant-Colonel J. Mackenzie	51	CORRESPONDENCE—	
Balfour, Andrew, the outlook of tropical hygiene	386	Prophylaxis of malaria in 1817, by Major E. K. Campbell	161
Basilar artery, a case of aneurysm of the, by Captain E. W. Wade	C.N. 216	The citrus industry in South Africa, by Major-General H. Carr	319
Bayer 205, the new chemical therapeutic agent	C.L. 469	The International Congress of Military Medicine and Pharmacy, by Major A. D. Stirling	473
Bio-aeration of Sewage, some data on the, by Captain H. N. Stafford and Captain A. R. Ward	43	The filter passer in influenza, by M. H. Gordon	399
Bleaching powder for tropical use, by F. S. Aumonier and Major S. Elliott	C.N. 459	Cummins, Colonel S. L., prevention of tuberculosis	73
Boot, improved type of, by L. D. Fairweather	171	Diphtheria, experiences with the Schick test and active immunization against	C.L. 149
Bourke, J. F., the medical aspect of an eighteenth century battalion	285	Douglas, Major J. T. D., three unusual cases in one month	C.N. 466
Boyd, Major J. E. M., travelling in Mesopotamia	70	Dyspituitarism, notes on the three cases of, by Major W. L. Webster	C.N. 59
Bruce, Captain, impromptu Cæsarean section at Kasauli	C.N. 222	ECHOES OF THE PAST—	
Burns, Captain J. C., a march into Kurdistan during the rebellion of 1919	354	Notice of a form of ulcer prevalent at Delhi, or Delhi boil, by A. H. Fraser	138
Cæsarean section at Kasauli, impromptu, by Captain Bruce	C.N. 222	EDITORIAL—	
Carbolized vaccine in rabies in Irak and its treatment, by Lieutenant-Colonel A. E. Hamerton	403	Shell-shock	450
Carr, Major-General H., the citrus industry in South Africa, letter from	319	Eighteenth century battalion, the medical aspect of an, by Captain J. F. Bourke	285
Campbell, Major E. K., prophylaxis of Malaria in 1817, letter from	161	Elliott, Major S., stabilized bleaching powder for tropical use	C.N. 459
		Endoparasitic acari as a cause of urinary diseases, by Lieutenant-Colonel J. Mackenzie	339
		Ensor, Colonel H., Royal Army Medical Corps staff tour in Egypt	330, 424
		Equipment, sanitary, required for a British training camp in India, by Captain J. B. Fotheringham	C.N. 217

	PAGE		PAGE
Eruptive fever, a series of cases of an unusual, by Major J. E. H. Gatt C.N.	64	Hog cholera, by Lieutenant-Colonel J. Mackenzie	51
Fairweather, S. D., modern footwear as a cause of fatigue, muscular rheumatism and flat-foot	171	Hospitals, the lighting of	C.N. 470
Filter passer of influenza, by Lieutenant-Colonel M. H. Gordon	1, 399	Hughes, Lieutenant-Colonel G. W. G., the next war	C.N. 300
Filter-passing and "ultramicroscopic" viruses, are the active principles living organisms or enzymes, by H. M. Woodcock	243	Hypophyseal infantilism, Lorain type of, by Major W. L. Webster	C.N. 59
Firth, Colonel Sir Robert, fragments ..	261	Immunization, general immunity by local	C.L. 315, 467
Flat-foot, modern footwear as a cause of fatigue, muscular rheumatism and, by S. D. Fairweather	171	Indian kala-azar, the occurrence of leishmania in, by Lieutenant-Colonel H. M. Perry	323
Fotheringham, Captain J. B., sanitary equipment required for a British training camp in India	C.N. 217	Infantilism, Lorain type of, by Major W. L. Webster	C.N. 59
Fragments, by Colonel Sir Robert Firth	261	Infantry division, medical arrangements of an, in open warfare, by Colonel R. S. Hannay	348
Fraser, A. H., notice of a form of ulcer prevalent at Delhi	138	Influenza and catarrh, experience of prophylactic inoculations	C.L. 79
French Medical Services of the 15th French Army Corps, by Major A. D. Stirling	C.N. 460	Influenza at the Curragh Camp, 1921, by Major J. E. H. Gatt	C.N. 130
Gall, Major H., the catarrhal phase	109, 183	Influenza, skin eruptions in	C.L. 239
Gatt, Major J. E. H., cases of an unusual erupted fever	C.N. 64	Influenza, the filter passer of, by Lieutenant-Colonel M. H. Gordon	1
Gatt, Major J. E. H., influenza at the Curragh Camp, 1921	C.N. 130	Irak, rabies in, and its treatment by carbolized vaccine, by Lieutenant-Colonel A. E. Hamerton	403
Gordon, Lieutenant-Colonel M. H., the filter passer of influenza	1	Jamaica, alastrim in, by Major W. F. M. Loughnan	C.N. 378
Gordon, M. H., the filter passer of influenza, letter from	399	Jaundice, report on an epidemic of, at Port Sudan, by Captain W. T. Whitehead	C.N. 294
Grattan, Colonel H. W., medical organization, with special reference to the transportation of wounded in open warfare	30	Kala-azar, Indian, the occurrence of leishmania in, by Lieutenant-Colonel H. M. Perry	323
Gregg, Major R. G. S., notes from a D.A.D.P. at a home station	180	Krzyszskowsky, Professor Constantino, the principal diseases prevalent in the Russian Army during the period 1914-1916 and the struggle against infectious disease	120, 198
Hæmatophagy and hæmetaboly as a normal function of various types of tissue-cell, by H. M. Woodcock	14	Kurdistan, march into, during the rebellion of 1919, by Captain J. C. Burns	354
Hamerton, Lieutenant-Colonel A. E., rabies in Irak, and its treatment by carbolized vaccine	403	Landry's paralysis, by Major J. T. D. Douglas	C.N. 466
Hamilton, Major C. S. P., some clinical details from a depot hospital	C.N. 65	LECTURES—	
Hannay, Colonel R. S., medical arrangements of an infantry division in open warfare	348	The outlook in tropical hygiene, by Andrew Balfour	386
Harold, Major C. H. H., the euglobulin group and its relationship to the Wassermann reaction	83	The prevention of tuberculosis, by Colonel S. L. Cummins	73
Henoch's purpura, by Major J. T. D. Douglas	C.N. 466	Leishmania in Indian kala-azar, the occurrence of, by Lieutenant-Colonel H. M. Perry	323
		Lighting of Hospitals	C.L. 470

	PAGE		PAGE
Lothian, Major N. V., the action of chlorinated water on galvanized-iron tanks	163	Rabies in Irak, its treatment by carbolized vaccine, by Lieutenant-Colonel A. E. Hamerton	403
Loughnan, Major W. F. M., notes on alastrim in Jamaica C.N.	378	REVIEWS—	
MacArthur, Lieutenant-Colonel, the elementary principles of zoological nomenclatures	441	A compendium of the pharmacopœias, by C. J. S. Thompson	471
Mackenzie, Lieutenant-Colonel J., endoparasitic acari as a cause of urinary diseases	339	A guide to urinary diseases, by A. Abrahams	317
Mackenzie, Lieutenant-Colonel J., infection of man by an organism closely allied to <i>Bacillus suispestifer</i> (hog cholera)	51	A hospital letter-writer in France, by Major Bradford	473
Malaria, prophylaxis of, in 1817, by Major E. K. Campbell, letter from	161	A study of intestinal stasis, by Dr. J. C. Watt	159
Manifold, Major J. A., infecting pneumococcus in cerebrospinal fluid, diagnosis of type by precipitin tests applied to the spinal fluid C.N.	223	Artificial limbs and amputation stumps, by E. Muirhead Little	239
Mansell, Captain R. A., the chlorination of milk C.N.	372	Birds and blossoms, by R. H. Firth	471
March into Kurdistan, during the rebellion of 1919, by Captain J. C. Burns	354	De arte phisicali et de Cirurgia of Master John Arderne, Surgeon of Newark, dated 1412	398
Medical arrangements of an infantry division, by Colonel R. S. Hannay ..	348	First-aid X-ray atlas of the arteries, by H. G. Orrin	241
Medical aspect of an eighteenth century battalion, by Captain J. F. Bourke ..	285	Functional nervous disorders, by Donald E. Core	317
Medical organization in open warfare, by Colonel H. W. Grattan	30	Guide to a second-class certificate, by F. P. R.	240
Mesopotamia, travelling in, by Major J. E. M. Boyd	70	Handbook for the limbless, by G. Howson	240
Milk, chlorination of, by Captain R. A. Mansell C.N.	372	Manual of physio-therapeutics, by T. D. Luke	240
Muscular rheumatism flat-foot, and fatigue, modern footwear as a cause of, by S. D. Fairweather	171	Medical Services during the war—vol. i, diseases of the war	156
Parotid tumour, a case of, by G. Woodforde C.N.	134	Modern methods in the diagnosis and treatment of renal disease, by H. MacLean	241
Pellagra C.L.	238	Reminiscent sketches, 1914-1919, by Members of Her Majesty Queen Alexandra's Imperial Military Nursing Service	472
Perry, Lieutenant-Colonel H. J. M., clinical aspects and pathology of primary malignant disease of the vermiform appendix	419	Ten post-graduate lectures delivered before the Fellowship of Medicine at the House of the Royal Society of Medicine	160
Perry, Lieutenant-Colonel H. J. M., diagnosis of type of infecting pneumococcus in cerebrospinal infections by precipitin tests applied to the spinal fluid C.N.	223	The causation of sex in man, by E. R. Dawson	397
Perry, Lieutenant-Colonel H. M., the occurrence of leishmania in Indian kala-azar	323	The chemical examination of water, sewage, foods and other substances, by J. E. Purvis and T. R. Hodgson ..	472
Pneumococcus, infecting, in cerebrospinal infections, diagnosis of type by precipitin tests applied to the spinal fluid, by Lieutenant-Colonel H. J. M. Perry and Major J. A. Manifold C.N.	223	The mechanism of the brain and the function of the frontal lobes, by Professor L. Bianchi	158
		The practice of medicine in the tropics, by W. Byam and R. G. Archibald ..	241
		The principles of preventive medicine, by R. T. Hewlett and A. T. Nankivell	160
		The Royal Fusiliers in the Great War, H. C. O'Neill	316
		The surgical exposure of the deep-seated blood-vessels, by J. Fiolle and J. Delmas	159

PAGE	PAGE
Ronayne, Lieutenant-Colonel C. R. L., around the world.. .. 140, 224, 303	Tumour, a case of parotid, by G. Wood- forde C.N. 134
Russian Army, and the struggle against infectious diseases, during 1914-1916, by Constantino Krzyszkousky .. 120, 198	Ulcer prevalent at Delhi, or Delhi boil, notice of a form of, by A. H. Fraser .. 138
Sachs-Georgi reaction in the Tropics, the technique of, by W. Leslie Webb .. 98	Urinary diseases, endoparasitic acari as a cause of, by Lieuenant-Colonel J. Mackenzie.. .. . 339
Sanitary equipment required for a British training camp in India, by Captain J. B. Fotheringham C.N. 217	Vaccine, carbolized, rabies in Irak, and its treatment by, by Lieutenant-Colonel A. E. Hamerton 403
Senescence and senility, by Major R. J. C. Thomson and Major R. E. Todd .. 273	Vermiform appendix, the clinical aspects and pathology of primary malignant disease of the, by Lieutenant-Colonel H. J. M. Perry 419
Sewage, some data on the bio-aeration of, by Captain H. N. Stafford and Captain A. R. Ward 43	Wade, Captain E. W., a case of aneurysm of the basilar artery C.N. 216
Shell-shock 450	War, the next, by Lieutenant-Colonel G. W. G. Hughes.. .. . C.N. 300
Stafford, Captain H. N., some data on the bio-aeration of sewage 43	Ward, Captain A. R., some data on the bio-aeration of sewage 43
Smallpox epidemic in Basle, 1921 C.L. 237	Ward, Captain A. R., the action of chlorinated water on galvanized-iron tanks 163
Smallpox, outbreak of, occurred in England C.L. 238	Wassermann reaction, the euglobulin group and its relationship to the, by Major C. H. H. Harold 83
Staff tour in Egypt, a Royal Army Medical Corps, by Colonel H. Ensor 330, 424	Webb, W. Leslie, original Sachs-Georgi reaction in the tropics as an indication for diagnosis and treatment of syphilis 98
Stirling, Major A. D., International Congress of Military Medicine and Pharmacy, letter from 473	Webster, Major W. L., notes on three cases of dyspituitarism C.N. 59
Stirling, Major A. D., Medical Services of the 15th French Army Corps C.N. 460	Whitehead, Captain W. T., report on an epidemic of jaundice at Port Sudan C.N. 294
Tanks, galvanized-iron, action of chlor- inated water on, by Major N. V. Lothian and Captain A. R. Ward 163	Wilson, Major R. C., the land of Cream and —? 382
Tartar emetic, notes on a case treated by intravenous injections of, by Major B. H. Y. Dunbar C.N. 298	Winter, Captain H. G., the duties of a deputy assistant director of medical services at the present day 207
Thomson, Major R. J. C., senescence and senility 273	Woodcock, H. M. Are the active prin- ciples of filter-passing and "ultra microscopic" viruses living organisms or enzymes? 243
Todd, Major R. E., senescence and senility 273	Woodcock, H. M., hæmatophagy and hæmetaboly as a normal function of various types of tissue-cell 14
Tour, staff in Egypt, a Royal Army Medical Corps, by Colonel H. Ensor 330, 424	Woodforde, G., a case of parotid tumour C.N. 134
Transportation of wounded in open war- fare, by Colonel H. W. Grattan .. 30	Wounded, transportation of, in open war- fare, by Colonel H. W. Grattan .. 30
TRAVEL :—	Zoological nomenclature, the elementary principles of, by Lieutenant-Colonel W. P. MacArthur 441
Around the world, by Lieutenant- Colonel C. R. L. Ronayne 140, 224, 303	
The land of cream and —?, by Major R. C. Wilson 382	
Travelling in Mesopotamia, by Major J. E. M. Boyd 70	
Tuberculosis, treatment of, by Colonel S. L. Cummins 73	
Tularæmia, a disease hitherto undescribed C.L. 80
